## About The Fest

IChE-CSC in collaboration with IChE-VIT and media partners: PU Pulse are organising a week-long fest based on the theme 'WORLD WATER WEEK'. This fest will span across 4 events on consecutive days from 23 Aug – 27 Aug 2021 enabling all the participants an opportunity to showcase their abilities and expertise. Anyone who is keen to learn and explore the scientific realm of water in a new way can participate in the events.

## About IChE

IChE proudly serves as the apex body for Chemical Engineering professionals all over India with more than 30,000 members, 41 Regional Centres, and 166 Student Chapters.

Throughout its seven decades of existence, IChE has successfully organized lectures, seminars, workshops, short courses, plant visits, career counselling programmes, etc., at regular intervals to better equip and empower the students for their ensuing professional life once they come out of their academic precincts. Through a wide range of programmes and initiatives, IChE has established itself as the pioneer in the chemical engineering discipline and continuously strides towards growing in quality and stature. Spearheading events like CHEMCON and SCHEMCON, IChE annually brings together the best minds in the field nationally and internationally for deliberation and discussions.

## The Aquathon

In IDP, there will be 2 rounds as follows:

**Round 1 (August 25):** The problem statement will be released in a WhatsApp group at 9-9:30 AM and the participants would be required to submit an abstract by 5-5:30 PM via a google form. The technical teams of both the colleges will filter out and eliminate some teams and only 8-9 teams will make it to round two.

**Round 2 (7 PM-8:30 PM, August 26):** The qualified teams will prepare a presentation and detail out their solution to the problem statement. They will be presenting their solution live in a google meet to faculty judges.

The panel of judges will declare a winner (Note: Round 1 will have no impact whatsoever on the final results). The presentations of the participants would be collected an hour before the live round in an attempt to minimize technical and internet connectivity issues.

**Team Size:** 1-3 members
